To Our Patients:

As you know if you have ever checked into a hotel or rented a car, the first thing you are asked for is a credit card, which is imprinted and later used to pay your bill. This is an advantage for both you and the hotel or rental company, since it makes checkout easier, faster, and more efficient.

We have implemented a similar policy. You will be asked for a credit card number at the time you check in and the information will be held in a locked, secure location, not in your patient chart. The information will be held until your insurances have paid their portion and notified us of your share. At that time, any remaining balance owed by you will be charged to your credit card, and a receipt will be mailed to you.

This will be an advantage to you since you will no longer have to write out and mail us your check. It will be an advantage to us as well since it will greatly decrease the number of statements that we have to generate and send out. The combination will benefit everybody in helping to keep the cost of health care down.

This in no way will compromise your ability to dispute a charge or question your insurance company's determination of payment.

Co-pays and deductibles will, of course, still be due at the time of your visit.

If you have any questions about this payment method, do not hesitate to ask.

Sincerely yours,

Baldone Reina Dermatology, APMC
